

**JUNE 24, 2007**

**The only folks that came out ahead on this weekend of racing at Great Deals Racing was the Flying "J" Truck Stop and the Pilot Truck Stop...The Flying J was where we stopped to eat on Saturday and watch it rain and the Pilot Truck Stop was where we stopped to get fuel and watch it rain....The whole weekend was washed out at the 6th Annual Elmer Musgrave Memorial 100 Presented by Texas Corral at Illiana Speedway near Chicago....Saturday saw the race rained out and re scheduled on the rain date of Sunday but the Weatherman was no more co operative that Saturday...Rain, Rain, and more Rain...The CRA Officials called off the race about 10 am on Sunday morning as the forcast was calling for more rain....The race will be rescheduled in the near future....**

**This week the Great Deals/McGunegill Engine # 26 Ford Fusion will travel to Angola Speedway in Northern Indiana for this Saturday nights race as Rick Turner will attempt to move up in the Points Standings in the CRA Super Series...Plan now to attend this race and watch the Great Deals Racing Team in action ...**
